FRAMED CANVAS

MODERN FRAMELESS

Unframed prints are available in full bleed or printed with a white border.

Mounting

Full Bleed

Maximizes the image size by stretching the artwork to the edges.

Great for displaying contemporary photography, intricately detailed art, and abstract paintings.

White Border

Allows for self-matting or gives artwork a faux-matted look.

Great for scaling down bold artwork, and can feature an artist signature for projects that benefit from highlighting the local artist community.

Matting

Artwork matted using 4-ply, archival, museum-grade mat board in 100% cotton.

This traditional display works well with paintings or any art that is centralized on the paper, as it provides a double frame effect for the work and draws the eye inward.

Float Mounting

Artwork that floats on top of archival, museum-grade mat board in 100% cotton.

This dramatic display elevates sketches and figure drawings, print-making techniques (like block prints), photography, and watercolors.

Sizing

Framed prints, framed canvas, and Modern Frameless art are available in all sizes, excluding 48" x 70" for Modern Frameless art.
